

Magia para peludos: los perros flipan con la desaparición de sus dueños

Un nuevo hashtag de moda y cientos de perros flipando. ¿Aún no has oído hablar del #WhatTheFluffChallenge? Pues serás de los pocos...

Se trata de «quedarte» con tu perro con un truco de magia en el que desapareces. Da igual que utilices una toalla, una colcha o una cortina. La cuestión es que tras unos movimientos los perros se quedan pasmados, inmóviles, porque sus amos idesaparecen!

Las reacciones de nuestros amigos peludos suelen ser muy similares: no dan crédito a lo que sucede. Para ellos no existe lógica a lo que pasa. Y los amos, se parten de la risa.

Todos acaban cayendo como moscas, da igual grandes y pequeños, revoltosos y tranquilotes... Una forma más de jugar con los perros y hacerlos protagonistas a ellos también de las redes sociales, donde acaban haciéndose virales.
